

SAVE OUR SANCTURARY PROJECTS

Funds pledged by members of our congregation, as well as in-kind gifts, have enabled us to make repairs and improvements to our church building and grounds. This is a project status report that will be updated as this important work progresses.

List current as of 5/7/15

COMPLETED WORK (52 TO DATE)

2010 PROJECTS (4 completed)

1. Mansard roof replacement. Started on 7/12/2010 and completed on 9/13/2010.
2. Repair of the four "drain pot" areas on the roof above the sanctuary. Started on 8/28/2010 and completed on 9/13/2010.
3. Replace flashing under the high sanctuary windows visible from the front of the building. Started on 8/28/2010 and completed on 9/13/2010.
4. Repair of damaged woodwork on the sanctuary west and east walls and repair of woodwork in the office area where old air conditioners were located. Started on 9/20/2010 and completed on 9/30/2010.

2011 PROJECTS (15 completed)

1. Lawn for the east entrance (RE and PM). DID NOT INVOLVE SOS MONEY. An in-kind SOS donation has been made to accomplish this upgrade.
2. Updating of the sound controls, first stage. A dedicated circuit has been installed at the pass through doors (east end of building).
3. Refurbishing restrooms. DID NOT INVOLVE SOS MONEY. An in-kind SOS donation has been made to accomplish this upgrade.
4. Church Signage, Advanced Signs, INC. The Morrison Street sign has been repainted and the materials to update the front walk sign have been installed.
5. Repair water damaged soffits. The repair work has been completed.
6. Hose outlet on the east side of building. The outlet will be used to water the new grass in the play area and for RE functions.
7. Replacement of the water fountain in the multipurpose room with a two level system. It will accommodate children and adults.

8. Lights for the front walk. Residential lights have been added to the front walk to improve lighting.
9. Soft Water Unit installed. The soft water system will help us reduce the scale build-up in the dishwasher, and will make it more efficient.
10. Apartment size refrigerator purchased for the RE wing. The unit will be placed in the nursery and will allow them to keep baby formula, juices etc. in that area.
11. New Cement. Replacement of the red pavers leading to the trash receptacles with cement, and the repair of damaged areas in the front sidewalk.
12. Re-grade and improve drainage for gravel parking lots and improve drainage for the north woods. The existing drainage line was cleared and additional lines have been installed.
13. A Welcoming Center. Built and installed by David Calvin.
14. New lap top computer for RE director. Replaced old computer that was not working well enough.
15. Staining of new wood in sanctuary and office.

2012 PROJECTS (9 completed)

1. Replacement of exterior door locks. This will make the building more secure by reducing the number of keys so that access can be managed better.
2. Office upgrade. Replace existing phones, add wireless package to the copier, new software, replacement of office chair, and new storage containers.
3. Bulletin Boards for the sanctuary. Built and installed by David Calvin.
4. Landscaping the front entrance. The plan produced by Nicholas Serrano, Ball State Landscape Architecture student has been completed.
5. Flat screen TV purchased for the welcoming center and RE.
6. Upgrading of the sound controls, second stage.
7. Air conditioning for the office area. Window units will be installed in office windows.
8. Replacement of the old wooden benches in the play area.

9. Railings installed on the choir raisers.

2013 PROJECTS (10 completed*)

1. Spot and floodlights were added for the west and north pulpit locations, the choir area, and coffee area.

2. New Computer and Software for the Office Administrator.

3. New computer for minister.

4. New Carpeting for the nursery area in RE

5. Construction of a new sound booth.

6. Installation of Wi Fi extender for Orange room and RE

7. Assistive hearing system for sanctuary.

8. New carpeting for the nursery and Blue room.

9. Purchase of emergency crib for the nursery

10. Removal of dead or dying trees that represent a danger to the congregation and/or church.

11. Grand Piano Servicing

12. *Exterior painting of the church. **Approved in 2013 but to be completed* in 2014.***

2014 PROJECTS (14 Completed)

1. Replacement of defective fan units of the church.

2. Repair of facets and sinks in two RE classrooms.

3. Replacement of sanctuary, foyer and office carpeting.

4. Replacement of exit lights with exit/emergency lights.

5. Heritage door Panels, David Calvin.

5. Relocation of Ministers pictures, David Calvin

6. Two table storage units for RE Hall, David Calvin.
7. Replacement of damaged windows.
8. New stove for kitchen
9. Replacement of faulty switches in the kitchen
10. Sound system equipment.
11. Addition of three new electrical outlets for the sanctuary.
13. Installation on vertical blinds for RE classrooms (cost on blinds only).
14. Two table storage units for the multipurpose room

2015 PROJECTS (Completed to date)

PROJECTS TO BE COMPLETED

1. Two smaller table storage units for the sanctuary (David Calvin)

PROJECTS UNDER REVIEW

1. New projector bulb or projector for sanctuary.

PROJECTS PENDING (Requires plan and costs)

1. Replacement of front walk sign.
2. Repair and protection of church banners

If you wish to add a project to this list please contact Bruce Craig at, bcraig@bsu.edu with a description of the project and estimated costs.
